# **DynaBolter V6.0**

The DynaBolter V6.0 Dual Driller incorporates the safety features of the DynaBolter and applies it to the production aspect of mining. Designed with two drill drives, the DynaBolter V6.0 improves the process of installing belt and cable runs.

## **ADVANTAGES**

### ***Unsurpassed Safety***

DynaBolter operators are able to drill holes from the safety of the cabin.

### ***Flexible Installation***

The multiple pivots allow for installation flexibility.

### ***Simple Controls***

Single joystick controls and simple switch operation makes training DynaBolter operators easy.

### ***Efficient and Consistent***

Two drill drives provide both efficiency and consistency when drilling.

# TECHNICAL SPECIFICATIONS

## ***Safety***

- Warning indicator lights and gauges
- Back-up alarm
- ROPS/FOPS certified canopy
- Low mount amber strobe light
- Check fire suppression and control system
- Fire extinguisher
- Hydraulics cut-out when operator not present
- All functions automatically disable with door open
- No hydraulic lines in cab

## ***Controls***

- Single joystick with thumb rockers control: mast, head, drill and functions
- Electro hydraulic control

## ***Working Capacity***

- Drill in back height of: 2136mm (7'-0") to 5125mm (16'-8 1/8")
- 32.0" deep holes
- Drilling from 18.0" to 72.0" center to center
- Maximum back height: 5083mm (200.1")
- Minimum back height: 2340mm (92.1")

## ***Chassis***

- Overall height: 2030mm (79.93")
- Overall length: 4724mm (186.0")
- Overall width: 2286mm (90.0")
- Ground clearance: 381mm (15.0")
- Wheelbase: 2209mm (87.0")

## ***Engine***

- 84 HP turbocharged diesel
- Meets Tier IV diesel emissions standards
- Engine protection shutdown system
- Engine manual throttle control
- Neutral safety start

## ***Transmission and Drivetrain***

- 4-speed manual transmission (powershift optional)
- 4-wheel drive
- F-N-R selector mounted to steering column
- High-load capacity drive and steer axles
- Limited slip differential

## ***Operator's Cab***

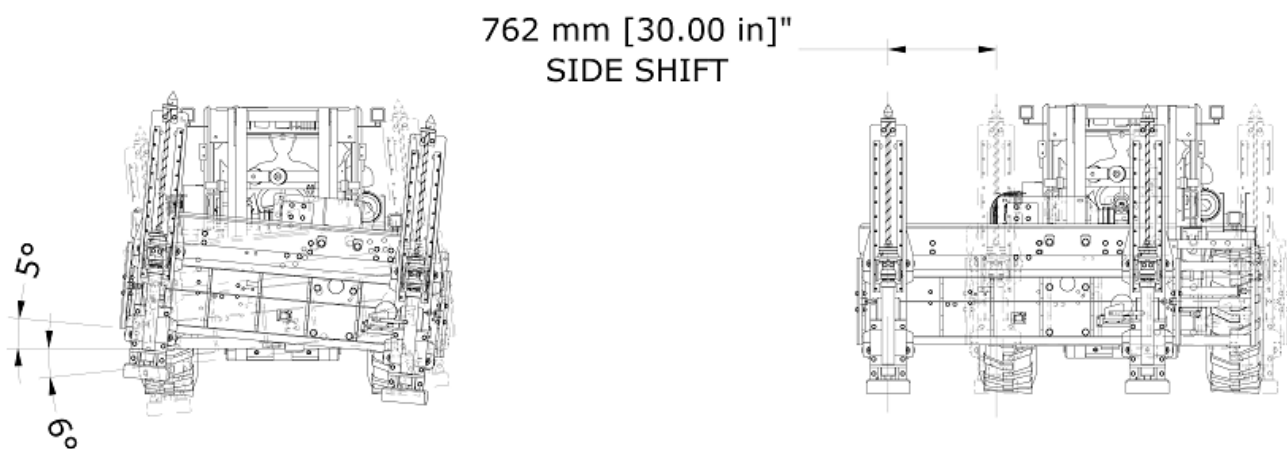

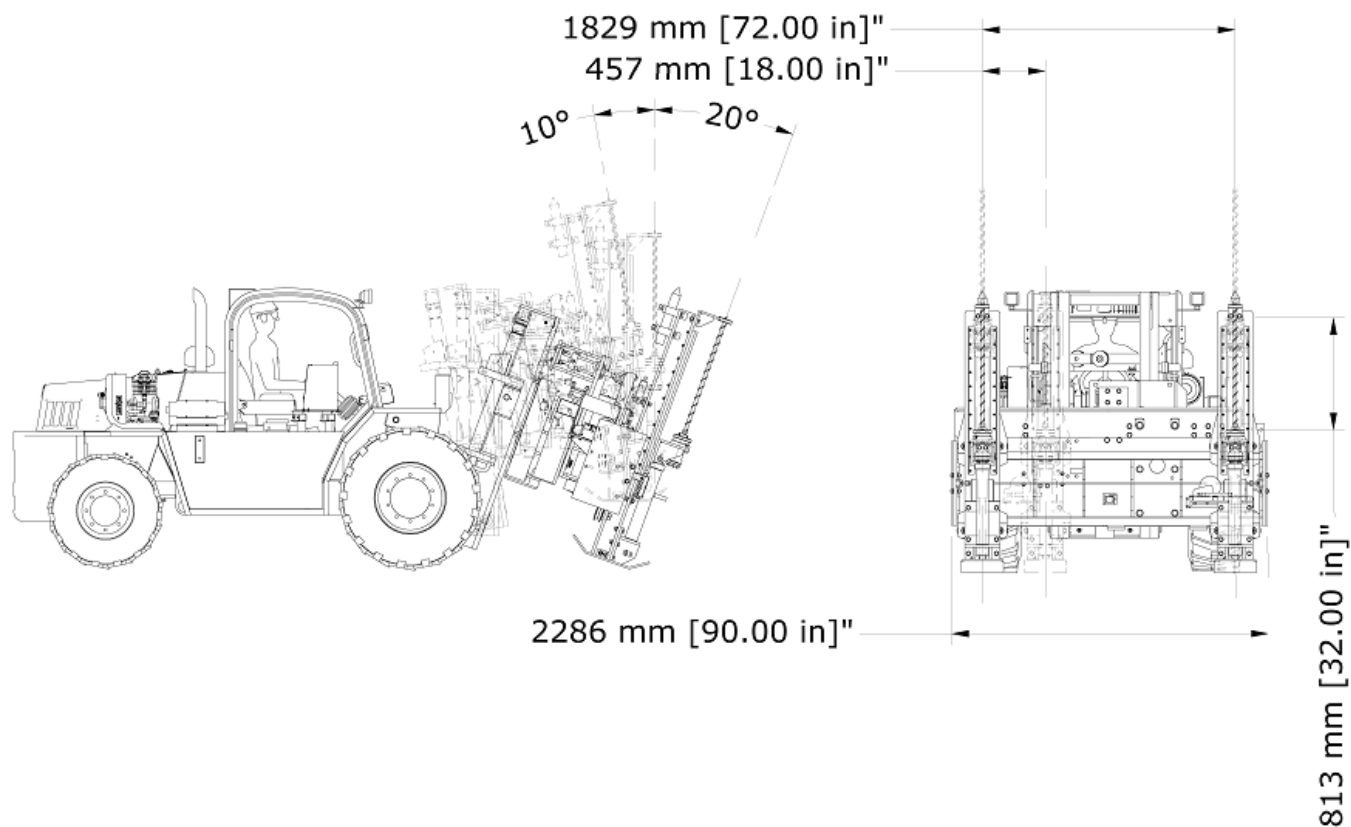

- Single operator—sit down
- Ergonomic control positioning
- Forward and rear facing cameras standard, 360 degree view camera optional

## ***Work Lights***

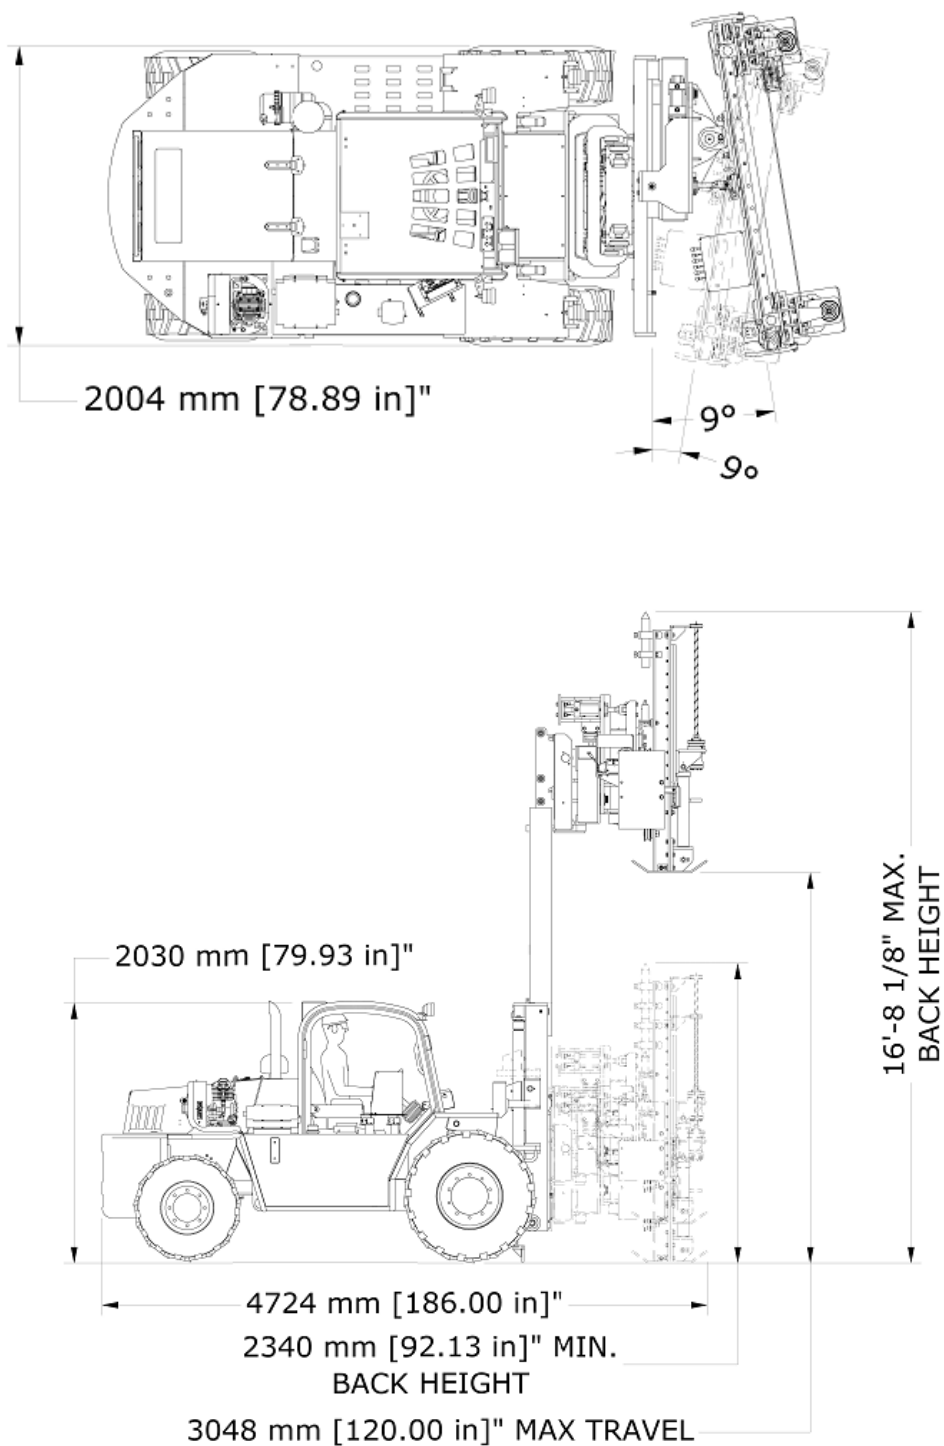

- Front, rear and extra fender mounted LED work lights
- LED spotlights
